General Information

Tool Name:	JCM Tool Suite Standard Edition	SW.Req. No.	C25-0236-02	---
Product:	UBA/UBA-RC/iVIZION/ iPRO/iPRO-RC/TBV/TBV-R/ EBA-40/DBV-400/500/500-R/ UBAPRO-SS/UBAPRO-RC(RS)- TQ/RBA-40C/VEGA-PRO /UBAULTRA/iVIZION2	Date: (mm,dd,yyyy)	4.28.2026	Rev: A1
Software Version	---			
	ApplicationName: JCM Tool Suite Standard Edition			
	Version: 1.58.3.0			
Operating System:	Windows 7 or later.			
Communication:	USB 1.1 (USB Class Definitions for Communication Devices Version1.1)			
Functions:	<ul style="list-style-type: none"> - provides services such as download, statistics and sensor calibration via the front USB port of the UBA. - provides services such as download, statistics, sensor calibration, performance test, Recycler Maintenance via the front USB port of the UBA-RC. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of iVIZION. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of iPRO. - provides services such as download, statistics, sensor calibration, performance test, Recycler Maintenance via the front USB port of the iPRO-RC. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the TBV. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the TBV-R. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the EBA-40. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the DBV-400. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the DBV-500. - provides services such as download, statistics, sensor calibration, performance test, Event Log via the front USB port of the DBV-500-R. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of UBAPRO and UBAPRO-RC(RS)-TQ, UBAPRO-RC200. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of RBA-40C and EBA-40C. - provides services such as download, statistics, sensor calibration, performance test, utility via the maintenance USB port of VEGAPRO. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of UBAUltra and UBAUltra-RC(RS)-TQ. - provides services such as download, statistics, sensor calibration, performance test, utility via the front USB port of iVIZION2.
